What is Running Start in the High School (RSHS)?
This program, also known as Dual/Concurrent Enrollment, enables high school juniors and seniors to take college-level courses in their high school classroom. Students enrolled in RSHS courses can earn up to ten college credits per year at no cost.

What are the Benefits of RSHS?
• Register with your high school teacher.

• Firsthand experience with college-level curriculum

• Credits are transferrable to Washington state universities and community colleges, as well as to most other universities

• Stay on your high school campus while completing college-level credits

• Classes taught by qualified teachers approved by EWU faculty in their field

• Testing is not required to earn credit

“By helping students realize that they are capable of managing higher-level coursework, we instill confidence and help inspire them to continue their pursuit of a higher education.”

–Joe Pauley, Central Valley HS
